

Master in Internet of Things for eHealth

---

## M5. Smart Data Knowledge / Analytics

# Deep Learning

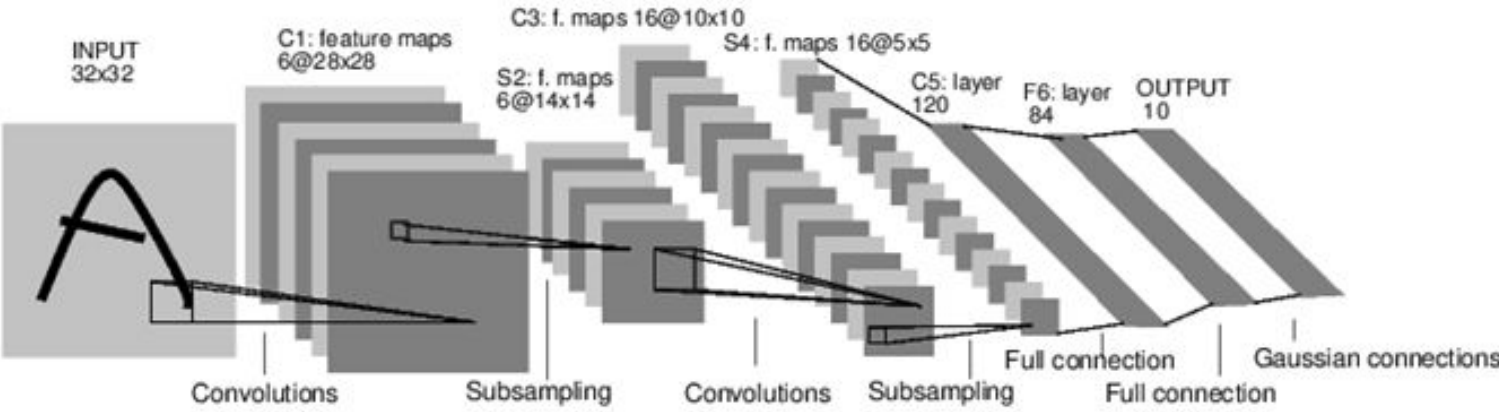

## (Standard Networks)

Instructor **David Gerónimo**

*research@davidgeronimo.com*

# Standard Architectures for Classification

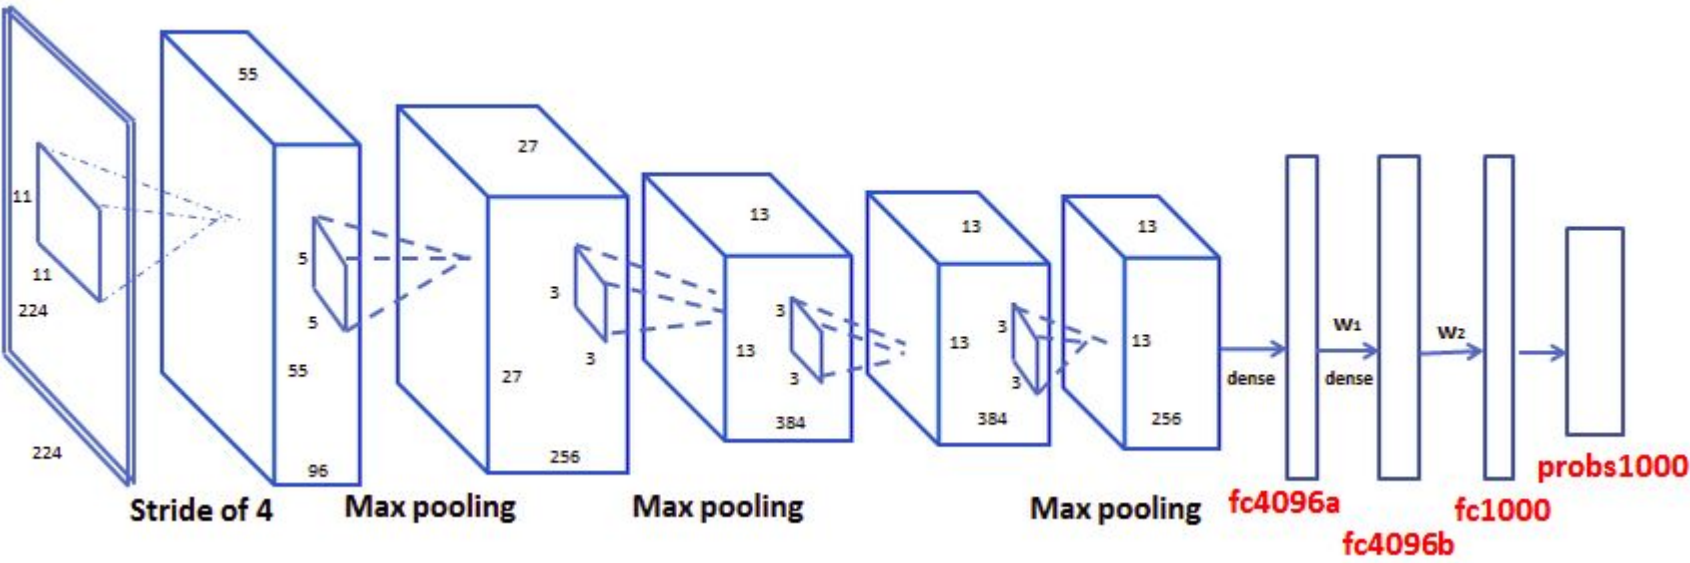

- LeNet

A Full Convolutional Neural Network (LeNet)

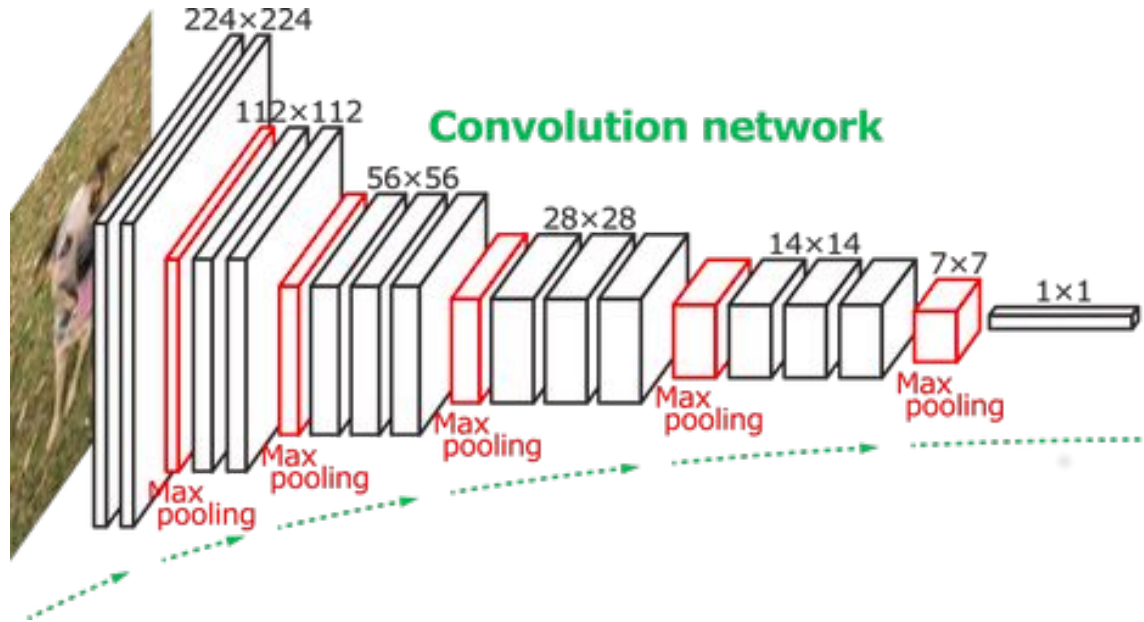

# Standard Architectures for Classification

- AlexNet

# Standard Architectures for Classification

- VGG

# Standard Architectures for Classification

- ResNet
